

# Local & Regional Regulations

## Special Regulations

## East Bethel

---

The City Council adopted the [East Bethel City Code of Ordinances](#) in 2008. This document represents a consolidation and representation of all city ordinances adopted by the council since East Bethel was recognized as a city in 1959.

The code is maintained by the Municipal Code Corporation under contract with the city. Although every effort is made to ensure the accuracy of the material contained online, the official edition of the city code is the printed version maintained at City Hall as this contains all up-to-date ordinances that may change various sections of the city code.

The code contains ordinances adopted since the last update. The City Council may have made amendments, additions, or deletions to the city code subsequent to the latest online version of the code.

### **Ordinances Not Yet Codified**

This Ordinance will be published in Supplement 18 of our [City Code of Ordinances](#) during the February Quarter. This Ordinance has been submitted for publication in the Anoka Herald Newspaper for December 12th, 2014.
